**FIGHT AT A CHURCH.**

Detroit Congregation at War Over the Matter of Collections.

DETROIT, April 23.—The Eighteenth

Baptist church was the scene of a fight last night. One woman was seized by a police officer and shoved out of the church doors. One man was struck across the face by a woman and raised his fist to knock her down, but was pulled away. Another young man, when urged to leave the scene, even pushed his own mother down the steps.

Women screamed, men shouted and recriminations flew thick and fast. Two of the church trustees resigned and six were expelled from the church for open and willful rebellion. The church is now divided into two factions, one of two thirds and another of one third. The board of trustees had forbidden the pastor taking up a collection at the door. The pastor did it. The board censured him. The pastor referred the matter to the church congregation. The congregation upheld the pastor. The Baptist council took hold of the matter, and last Wednesday asked the board to resign, and the congregation last night affirmed this action by a two third majority vote. The deposed trustees say they will carry the matter into the courts.

## THE BEST SPRING MEDICINE

IS SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but are you taking SIMMONS LIVER REGULATOR to do it? It is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.

### THE REPUBLICAN PLATFORM.

The following plank in the National Republican platform adopted at the convention held at Minneapolis, Minn., in 1892, on the silver question, is good enough for any true American to stand upon, it seems to us:

The American people, from tradition and interest, favor bimetallism, and the Republican party demands the use of both gold and silver as standard money, with such restrictions and under such provisions, to be determined by legislation, as will secure a maintenance of the parity of values of the two metals, so that the purchasing and the debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal. The interests of the producers of the country, its farmers and its workmen, demand that every dollar, paper or issued by the government shall be as good as any other. We command the wise and patriotic step already taken by our government to secure an international conference to adopt no measures which will insure a parity of value between gold and silver for use as money throughout the world.

WILL the republican nomination be the old story of favorite against the field and the field wine? No.—New Albany Tribune.

The Indianapolis News, editorially makes the following startling announcement: The democratic party will yet have candidates.

The constant inflow of well-to-do substantial citizens is one of indications of the healthy growth Seymour is enjoying just now.

WHEN the American people understand the tariff question so thoroughly that they cease to follow English precedents, we may look for the end of vicious tariff legislation.

THE fruits of the democratic victory are closed factories, millions of persons out of employment, a reduction of wages, depreciation of all kinds of property, stagnated business, and general financial distress.

Children Cry for Pitcher's Castoria.

Wright's Celery Tea cures constipation, sick headaches, 25¢ at druggists.

THE certain effect of tariff reduction such as that made by the Wilson bill, is a marked increase in imports, followed by closing of our manufacturers, panic and business depression.

THE fact becomes plainer every day that it is the duty of every republic to concede the democratic party the exclusive right of monkeying with the silver question.—S. Louis Globe Democrat.

THE establishment of a permanent court of arbitration is beginning to assume definite shape. This is a much needed institution and all lovers of peace will hail the day when international disputes will be settled by such a court rather than by appeal to arms.

IT TAKES two to make a bargain. The Cuban patriots cannot be conciliated with tardy and incomplete concessions from Spain so long as they have the best of the fighting and the sympathy of the United States.—New York World.

IT LOOKS more and more as if the republican idea of protection would not be seriously opposed in the coming campaign. The people have learned by a bitter experience the results of free trade and they are demanding protection again.

THE demand for more houses continues in Seymour. Our contractors should be kept busy this year to supply the demand. Seymour is not having a boom in the ordinary acceptance of that term, but a good healthy growth that speaks well for the business enterprise of the city.

IT IS USELESS to deny that the democrats are seriously divided on the money question. Let republicans take a decided stand on the side of sound money and force the issue. Nothing will be lost by taking the aggressive when one is on the right side of a question.

DURING Harrison's administration \$25,000,000 of four and a half per cent. bonds were reissued at two per cent., a decided saving to the country. Cleveland's administration can show no such record. His policy has made money for bond purchasers.

GOVERNOR MCKINLEY is credited with saying: "Capital will not work without profit any more than labor will work without wages, and when capital will not work labor draws no wages." And capital will not work when it is threatened by unfavorable legislation, or by unstable currency.

SCHOOL teaching is one of the few occupations which has in recent years commanded more pay for services rendered. Some one has gleaned the following from statistic: In 1870 there were employed in the public schools of this country 200,515 teachers and in 1894 the number had increased to 388,531. In 1870 the salaries aggregated \$37,852,566 and in 1894 \$108,476,638. The most plausible explanation is that the schools have been so much improved as to require better teachers whose services are worth more money.

HON. CHARLES W. FAIRBANKS gave utterance to the following words in his address while presiding over the congressional convention of the seventh district:

"When the country swapped Harrison for Cleveland it made a mistake; and right grievously it hath answered it. For three years panic has been our normal condition; disaster and ruin have spread throughout the country; and no one can measure the extent of the loss. Every home has been touched; employer and employee have been fellow sufferers. All of this was not accidental; it was the legitimate fruit of democracy; it was due to an attempt to overturn the fundamental principles upon which our prosperity has been built; it was due to the substitution of the un-American administration of Cleveland for the clear-headed, patriotic administration of Harrison; to the destruction of the McKinley bill by the Wilson bill.

This is the best medicine in the world for bowel complaints. It acts quickly and can always be depended upon. When reduced with water it is pleasant to take. Try it, and like many others you will recommend it to your friends. For sale at 25 and 50 cents per bottle.

IN HIS speech before the seventh congressional convention, Mr. Fairbanks spoke out clearly for sound money in these words:

Let our currency be sound and stable. Great, and splendid, and powerful as our government is, it can not accomplish the impossible; it can not by legislative fiat make fifty cents worth a dollar. Corrupt the currency you destroy confidence, and without confidence you have no foundation upon which to build prosperity. The republic is unalterably opposed to a financial policy which would Mexicanize the currency of this country.

McClure's Magazine for May.

A Lincoln paper tells the story of Lincoln's nomination and election to Congress, a story very curious and characteristic in its incidents: describes, from new material, Lincoln's life in Washington, social and political, during his term in Congress; and tells of an important campaigning tour which he made through New England in 1848. A lately discovered report of a speech delivered in the course of this tour is given, and there are a number of important letters of Lincoln's that have never been published before. The illustrations are numerous and interesting.

#### Marvelous Results.

From a letter written by Rev. J. Gurdeman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results are almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. H. Andrews and Co.'s Drug Store. Regular \$2.50 and \$1.00.

During the winter of 1895, F. M. Martin, of Long Beach, West Va., contracted a severe cold which left him with a cough. In speaking of how he cured it he says: "I used several kinds of cough syrup but found no relief until I bought a bottle of Chamberlain's Cough Remedy, which relieved me almost instantly, and in a short time brought about a complete cure." When troubled with a cough or cold use this remedy and you will not find it necessary to try several kinds before you get relief. It has been in the market for over twenty years and constantly grown in favor and popularity.

## St. Vitus' Dance.

### THE MODERN TREATMENT.

Little Mabel Dorety Cured of St. Vitus' Dance after four Physicians had Ineffectually Treated the Case.

(From the Niagara Falls, Review.)

Being told that the eight-year-old daughter of Mrs. Dorothy, Ontario Avenue, had been miraculously cured of St. Vitus' dance, we decided to investigate the case and ascertain the facts. Accordingly we visited her home when she related the facts as follows: "It is about two years and a half since I first noticed that my daughter had St. Vitus' dance caused by the weakening effects of a grippe and rheumatism. Three local physicians were called in as was also one doctor of considerable reputation from Niagara Falls, N. Y., but in the face of the prescriptions of these physicians and the best of care, Mabel grew rapidly worse. She could not be left alone an instant and was helpless as an infant as she had no control of her limbs at all. She could neither walk without assistance nor take food or drink. At this stage of the attending physicians said, 'Mrs. Dorothy, there is nothing more you can do for your little girl.' Well matters went on that way for a short time with no better results till one day I was sure the poor child was dying. I remembered having seen accounts of St. Vitus' dance cured by the use of Dr. Williams' Pink Pills for Pale People and I determined to try them. I was skeptical as to the effect and only tried them as a last resort, but was soon greatly surprised at the result. In less than three months she was so much better that she did not even appear to be ill and the pills were discontinued. In a few months, however, she showed that the symptoms had not been entirely eradicated from her system, so I had her again commence the use of the Pink Pills. I feel certain that all traces of the awful malady will be swept away, for she goes to school now and we have not the slightest anxiety in leaving her alone. Dr. Williams' Pink Pills are certainly a grand remedy and I would not be without them under any consideration for I think they are worth their weight in gold, as in my life I have never seen any have to pay for them.

I am only too glad to let others know of this miraculous cure through the use of Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases suffering from nervous worry, overwork or excesses of whatever nature. Pink Pills are sold in boxes (never in loose bags) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

"Uncle Tom's Cabin."

The lease of life for Uncle Tom's Cabin is phenomenal. It is a play that has been hacked, and butchered, and gayed unmercifully, and yet it survives because it tells a story which interests and uplifts humanity. It can be truly said of the Cook Twin Sisters Uncle Tom's Cabin Co., that every performer in his or her particular line is an artist. The scenic, mechanical, calcium and electrical effects are truly wonderful.

The Cook Twin Sisters Big 3-Oar Uncle Tom's Cabin Co., travel in their own train of three sixty-foot passenger cars, at the Opera House April 24th.

An amusing incident occurred in the primary room at the school house one day last week. The teacher noticed one of her little boy pupils sitting stooping, with his hands clasped about the region of his stomach and was begin to look upon his face. She kindly asked him if he had the colic. He said he did not know what ailed him but would like to go home and find out. She gave him permission to go, and in about a half hour he returned, looking a little embarrassed and smiling. Upon being asked if he found out what was the matter, he replied, "Yes, I guess I was just hungry."—Brownstown Banner.

W. H. Massman and his force, who have been at Scottsburg moving houses came home last evening to visit their families till the first of the week. They have similar jobs to do at Little York and at Austin.

Edward Mason, who moved his family here from Madison two months ago, and opened a fruit and provision store, and built up a nice trade, pulled up stakes and moved back to his former home last evening, not being able to stand prosperity. His family will move to this city from there and he will engage in business and will stay.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

In 1814 the first steamboat passed Madison. It formerly had been a large barge that made several voyages from Cincinnati to New Orleans, consuming eight months in the downward and upward trip.

A rudely constructed engine was put into it, and thus furnished and fitted up, the steamer "Independence" plied the waters of the Ohio and Mississippi rivers.

Arriving at New Orleans, General Jackson, commander of the American forces, pressed it into service against the British and after the war, in 1815, she began her upward trip, and arrived after a voyage of four months at Rising Sun, where she stopped for wood, but none could be obtained. John James furnished her with fence rails for fuel, and agreed to take his pay in a passage to Cincinnati. He embarked, but such was the slow progress of the steamer that when he got to North Bend he left the boat and walked to Cincinnati, arriving some twelve hours before the steamer.—Madison Courier.

After meals you should have simply a feeling of comfort and satisfaction.

You should not feel any special indications that digestion is going on.

If you do, you have indigestion, which means not-digestion. This may be the beginning of so many dangerous diseases, that it is best, to take it in hand at once and treat it with Shaker Digestive Cordial.

For you know that indigestion makes poison, which causes pain and sickness.

And Shaker Digestive Cordial helps digestion and cures indigestion. Shaker Digestive Cordial does this by providing the digestive materials in which the sick stomach is wanting. It also tones up and strengthens the digestive organs and makes them perfectly healthy. This is the rationale of its method of cure, as the doctors would say. Sold by druggists, price 10 cents to \$1.00 per bottle.

### Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

G. C. Osgood,  
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their health, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

J. F. Kinchlow,  
Conway, Ark.
